Are You Prepared For AIDS?

Every Christian must be ready to deal with the problem of AIDS. It is foolish to pretend that AIDS does not exist or that we will not have to deal with it. Some of us will have to deal with the sickness in our own body. Others have friends and relatives who will develop the sickness in their body. Everyone knows someone who has died with AIDS. We have to deal with it whether we like to or not.

Many have AIDS because of sinful activities. Some have AIDS because of the sin or the mistake of someone else. Whether innocent or guilty, those who have AIDS have a difficult life ahead of them. They need help and encouragement. They need to understand the love of God. They need to experience God's love through us. We have a work to do.

This book will prepare you to deal with the sickness in a Christian way. AIDS is an opportunity to witness for Christ and build his kingdom. If Christians deal with the problem in a godly way, we can be a blessing to others and also to God. It makes no difference whether we have AIDS or we know someone who has AIDS, we can use it to bring others into God's Kingdom.

This book will help you to understand:

- AIDS
- How a person gets AIDS.
- How to avoid getting AIDS.
- What to do if you get HIV/AIDS.
- How to help others who have HIV/AIDS.

Use this book to prepare yourself. Then take action to be a blessing for the glory of God.

For His glory,
Bob Sheffler
